

# Why Do I Keep Counting

## The Killers

There's a plane and I am flying  
There's a mountain waiting for me  
Oh these years have been so trying  
I don't know if I can use them  
Am I strong enough to be the one?  
(Am I strong enough to be the one?)  
Will I live to have some children?

(Children) Help me get down, I can make it, help me get down

Help me get down, I can make it, help me get down

If I only knew the answer I wouldn't be bothering you, father Help me get down, I can make it, help me get down

Help me get down, I can make it, help me get down

If I only knew the answer and if all our days are numbered

Then why do I keep counting? My sugar's sweet and so attainable

This behavior's so unexplainable

The days just slip and slide like they always did

The trouble is my head won't let me forget

I took one last good look around

(So many unusual sounds)

I gotta get my feet on the ground Help me get down, I can make it

Help me get down, I can make it, help me get down

Help me get down, I can make it, help me get down

If I only knew the answer I wouldn't be bothering you, father Help me get down, I can make it, help me get down

Help me get down, I can make it, help me get down

If I only knew the answer and if all our days are numbered Would you help me get down? I can make it, help me  
get down

Help me get down I can make it, help me get down

If I only knew the answer If I change my way of living

And if I pave my streets with good times

Will the mountain keep on giving?

And if all of our days are numbered

Then why do I keep counting?
