We Fit Together

Emerson Drive

I've been waiting for the stars to come out
Dinner it was fine
But I can't lie 'cause I've been waiting for ya
To come back to mine
I've been, thinking of you 24/7and 365
Now the girl from Impanema, she's here right by my side
I got you now and I just wanna show you how to play
Goosebumps on your body guide the way
I wanna go all night
Ain't no stoppin' 'till the breakin' of the dawn
I wanna go inside every corner
Girl, you really turn me on
I wanna go knock knock
Our bodies to the beat and when the morning comes
We're letting the sun shine, we'll stay in bed
You can't separate us, we fit together
I can feel you comin' closer
Dancin' in the dark
(Dancin' in the dark)
I touch your lips and kiss your shoulders
Send a letter to your heart
I can't explain to which extreme I'm feelin' you
(Feelin' you)
How many triple X dreams that's been starring you
I got you now and I just wanna show you how to play
Goosebumps on your body guide the way
I wanna go all night
Ain't no stoppin' 'till the breakin' of the dawn
(Breakin' of the dawn)
I wanna go inside every corner
Girl, you really turn me on
(I wanna go I wanna go)
I wanna go knock knock
Our bodies to the beat and when the morning comes
(When the morning comes)
We're letting the sun shine, we'll stay in bed
(Oh baby)
You can't separate us, we fit together
I won't get nothing done of what

I oughta do
It doesn't really matter to me
I-I-I am here with you
I can't explain to what degree I'm feelin' you
How many triple X dreams I've had starring you
But I got you now and I just wanna show you how to play
(Show you how to play)
Goosebumps on your body guide the way
I wanna go all night
Ain't no stoppin' 'till the breakin' of the dawn
(Breakin' of the dawn)
I wanna go inside every corner
(Every corner baby)
Girl, you really turn me on
I wanna go knock knock
Our bodies to the beat and when the morning comes
(Knock knock to the beat)
We're letting the sun shine, stay in bed
You can't separate us, we fit together
I wanna go all night
Ain't no stoppin' 'till the breakin' of the dawn
(There ain't no stopping till the breakin' of the dawn)
I wanna go inside every corner
(Every corner every corner baby)
Girl, you really turn me on
I wanna go knock knock
Our bodies to the beat and when the morning comes
(When the morning comes)
We're letting the sun shine, stay in bed
You can't separate us, we fit together
All night
I wanna go all night
I wanna go
Can I go inside
How about inside
I wanna go all night
Can I go all night
What about inside
Can I go inside
