

# Till The End Of The World

Michelle Williams

Will you be my lover,  
For sake, and all others?  
Will you be my, my man?  
And I will be your girl,  
Even til the end of the world

Even til the end of the world (world)  
Even til the end of the world (world)  
Uh, Yeah, Turn the lights up

What if I lived in a mountain (mountain)  
Surrounded my nothing but snow (but snow)  
My only desire is that you be my fire  
The light of my life and to keep me warm

Baby if I hopped on a plane  
And told the pilot take me away  
I wonder would you still remain, Oh  
Would you stay with me?

[Chorus]  
Oh, Even til the end of the world  
Oh, Would you still want me to be your girl  
Oh, Would you be my lover  
Forgetting all others  
Even til the end of the world

Even til the end of the world  
Even til the end of the world  
Let's Go

What if they put me in prison (prison)  
For reason that you'd never know (never know)  
Would you stand beside me  
And call me you're wifey  
Would you love me forever or would you go?

Baby if I hopped on a plane  
(What if I hopped on a plane)  
And told the pilot take me away

(Take me away)  
I wonder would you still remain, Oh  
Would you stay with me? Oh

[Chorus: x2]

Until the end of time  
Forever be my lover  
Our hearts will intertwine  
And could you be my baby  
Protect me from the storm  
And I'll love you forever  
Just hold me in your arms, arms, arms

[Chorus]
