

All I Care For

[Gotthard](#)

Another day before us
and we're ready for the show
across the land of mystery
everyone with their own dream
sometimes harder than they seem
Here I am far away
hundred miles and oceans from you
feel the need to cry out loud
I want you to know
oh, you're all I care for
oh, you're all I care for
you're all I need
Soon I will be back again
I know, it's hard to love a kind of man
always on the line
always out of time
just one thing I know for sure
Here I am far away
hundred miles and oceans from you
feel the need to cry out loud
I want you to know
oh, you're all I care for
oh, you're all I care for
you're all I need
