

Feels Like 37

DMA'S

I don't feel where you're coming from
I don't see what you need 'cause all I want
Is gone away, gone away, gone away
And all I want, is you to stay, you to stay
And it don't shine right
It don't shine light
But the ceiling hits the floor in front of me
I don't feel where you're coming from
But I don't need, what you need
Because all I want
Is gone away, gone away, gone away
And all I want, is you to stay, you to stay
And it don't shine right
It don't shine light
But the ceiling hits the floor in front of me
And then you took your time
And then you took your time
To say the things you say in honesty
Because all I want
Is gone away, gone away, gone away
And all I want, is you to stay, you to stay
