

# What's It Gonna Be

## Dusty Springfield

What's it gonna be?  
Please tell me  
Is it really me?  
Please tell me  
Are you out for fun?  
Only lovin' on the run  
And leave me cryin', ahh, cryin' What's it gonna be?  
(Tomorrow)  
Will he set me free?  
(Tomorrow)  
Gotta know for sure  
A broken heart don't have a cure  
It just keeps hurting, (hurting) ahh, hurting (hurting)  
And when I'm hurting (hurting)  
I can't stop hurting I want a love that's here to stay  
Baby please  
The kind of love that I can count on everyday Ah, got a hold on me  
You know it  
What's it gonna be?  
You know it Want a love that's so  
But I'll turn around and go  
'Cause I can't take it (take it)  
I can't take it (take it)  
I can't face it  
My heart won't make it I want a love that's here to stay  
Baby, believe me  
The kind of love that I can count on everyday, mmm (What's it gonna be?)  
Mmm, tell me  
(What's it gonna be?)  
Baby, tell me  
(What's it gonna be?)  
Come on, baby  
(What's it gonna be?)  
Hey, hey, you gotta tell me  
What's it gonna be?
