

# Black Hole

## Girls Against Boys

American black hole  
The life's too sweet to eat like candy  
Drain is now king, king with a sampler  
Hook me up eat like candy Shut the freak up and dance  
I'm only on this ride, I'm only in your eyes  
To see if I'm lucky, hook yourself up inside  
I way only to ride American black hole  
Go be a movie ya stars are all in line  
Go be a movie and after all this time  
In the realm of value neutrals  
Out here puffin crazy lies to infinity American black hole  
The life's too good to eat like candy  
I more than you can give me
