We'll See You When It's Time

Siggno

Didn't wanna say goodbye
Didn't wanna watch you leave so soon
Oh no
But now you live inside of me
In my heart will live the memories that you..lived with me
Didn't have the chance to say
That I wish that you would stay
Didn't have the chance to say
Goodbye

So I'll miss you
Dear friend of mine
And I'll miss you
Your such a big part or our lives
And we thank the lord & we celebrate your life
So it's not goodbye
We'll see you when it's time

Didn't wanna say goodbye
Didn't wanna watch you leave so soon
Oh no
But now you live inside of me
In my heart will live the memories that you...lived with me

Didn't have the chance to say
That I wish that you would stay
Didn't have the chance to say goodbye

So I'll miss you
Dear friend of mine
And I'll miss you
Your such a big part of our lives
And we thank the lord & we celebrate your life
So it's not goodbye
We'll see you when it's time
So it's not goodbye we'll see you when it's time
Ohhhh
