

CERTIFIED FREAK

Baby Bash

I like the way she movin' on me, yeah
I like the way she twerkin' on me, yeah
I like the way she move to the beat (Uh uh uh babe)
And shorty she a certified freak, freak, freak, freak, freak I like, the way,
She know I ain't her man just a part time lover
Always on the down when them haters tryna come up
I like, the way yeah
She got the Louie bag and the head, she a boss chick
She's the one that you call when you're looking for a certified freak You should see how she serve that body
Work twerk that body
Imma murk that body and she knows it
Kushed out poet
Heard the bass line smack now she cant control it
There ain't a lot of freaky thangs that she can't do
She puts the heels through the speakers let the beat bang through
Slow it down real soft like DJ Screw
Her girlfriends caked up so she came too
Five star sheets on a bed of champagne
She know I go deep and she really love the pain
You know I talk dirty while her girlfriend watch
She a certified freak certified top notch I like the way she movin' on me, yeah
I like the way she twerkin' on me, yeah
I like the way she move to the beat (Uh uh uh babe)
And shorty she a certified freak, freak, freak, freak, freak I like, the way,
She know I ain't her man just a part time lover
Always on the down when them haters tryna come up
I like, the way yeah
She got the Louie bag and the head, she a boss chick
She's the one that you call when you're looking for a certified freak I'm a freak and she know I need a freak too
Drop it on me let the bass and the beat do
Giuseppe heels got them bitches wanna be you
Louie bag, Fendi tags they cant see you
I got my own shit shawty saying me too
She say I'm hood she says it's good she keeps it G too
Booty thick, wishing that them panties see through
Come here girl cause I really wanna freak you
I really wanna freak you
Fresh up out the shower let me eat you
Come here girl ride it like this

And gotta say girl you know I like it I like the way she movin' on me, yeah
I like the way she twerkin' on me, yeah
I like the way she move to the beat (Uh uh uh babe)
And shorty she a certified freak, freak, freak, freak, freak I like, the way,
She know I ain't her man just a part time lover
Always on the down when them haters tryna come up
I like, the way yeah
She got the Louie bag and the head, she a boss chick
She's the one that you call when you're looking for a certified freak Now let me see that thing arch
Baby's head game on top of the charts
When I touch in the city she already got a spark
'Cause she already know I'ma beat them body parts
And she love it, never out in public
'Cause I'm not a boyfriend and I'm not a husband
And no I'm not a cousin and she know I go deeper
So I need a certified freak freak chicka I like, the way,
She know I ain't her man just a part time lover
Always on the down when them haters tryna come up
I like, the way yeah
She got the Louie bag and the head, she a boss chick
She's the one that you call when you're looking for a certified freak
