

# Poor Boy

## Howlin' Wolf

I'm a poor boy, I'm a long way from home  
I'm a poor boy, I'm a long way from home  
What the others do, the world can't do me no harm  
I'm a poor boy, a long way from home  
Babe I can't stay here long, babe I can't stay here long  
What the others do, the world can't do me no harm  
I'm a poor boy, I'm a long way from home  
Well my, baby's dead and gone  
Well my, baby's dead and gone  
Well, well, well, well I'm a long way from home  
I'm a poor boy, I'm a long way from home  
And the world, can't do me no harm  
And the world, can't do me no harm  
Oh, no no no no, I'm a long way from home  
World can't do me no harm  
World can't do me no harm  
World can't do me no harm
