

# Walking On Snow

[Jordin Sparks](#)

Your not going to see  
Going to see this heart break  
You huff and you puff  
But I'm not blown away  
When are you gonna get it?  
IÂ'm so unaffected You try and find (find)  
Fault in me  
You project yourself  
Hate so easily  
You already lost  
So you push me lower  
Decided dying slow  
So you punish me slower Ooh, ooh, yeah, yeah, whoa, whoa, whoa, whoa, yeah  
1,2,3,4 ItÂ's like walking on snow  
Without leaving a trace  
And all that you said  
Never carried no weight  
I came out untouched  
And in another place  
When are you gonna get it?  
IÂ'm so unaffected ItÂ's like walking on snow  
Without leaving a trace  
Your not going to see  
Going to see this heart break  
You huff and you puff  
But I'm not blown away  
When are you gonna get it?  
IÂ'm so unaffected Leaving a trace  
See this heart break  
Untouched in another place  
When are you gonna get it?  
IÂ'm so unaffected
