Read My Lips

Duran Duran

Rock it
Rock itI've got somethin'
You've got nothing to lose
(Ah)
I can give you
So much more than you're used to
Come a little closer
Maybe we could slip awayRight now we could use
A little privacy
All too much attention
From your friends in here
Move a little closer trust me
I'm on the make, that's a lie
If I have to pull you over
Come baby, what'd you say?Get a grip, don't resist
Read my lips oh
It's a trip, ain't a risk
Read my lips
Get a grip, don't resist
Read my lipsPart of you wanna get lucky
Part of you wanna go try
Part of you wanna come lookin'
Part of you want to stay hey
(Rock it)
(Rock it)Get a grip, don't resist
Read my lips
It's a trip, ain't a risk
Read my lips
Get a grip, don't resist
Read my lips
It's a trip, ain't a risk
Read my lipsShe's all mine
She's all mine
She's all mine
She's all mine
She's all mine
All mine
All mine
All mine

All mine
(Mine)
She's all mine
All mine
All mine
All mine
All mine
Read my lips
