

Something Very Bad

Hadouken!

Here is most of the lyrics. I couldn't understand one verse very well. I (I I I) don't know why, don't know why

I (I I I) don't know why, don't know why I know you're making the best of this

I don't really care, you can call me a prejudice

If I were annoyed by (don't know why)

I think I might crack from the stress of this This missing verse is: And the people judge how I act

Tellin' me I'm a hypochondriac

Feels like it's the norm of the season

I don't care, I don't give my mind a reason Turn the television off , turn the television off

I'm talking to you

I- I'm talking to you

Turn the television off

And let me get through Turn-turn it-it off-off

Now turn the television off

I'm talking to you

I- I'm talking to you

Turn the television off

Now let me get through I (I I I) don't know why, don't know why (I said I don't know why)

I (I I I) don't know why, don't know why (I feel that something really bad is going to happen)

I (I I I) don't know why, don't know why (I said I don't know why)

I (I I I) don't know why, don't know why (I feel that something really bad - bad) No house, no job, no car, no girlfriend, no music, no life

No house, no job, no car, no girlfriend, no music, no- what?

No house, no job, no car, no girlfriend, no music, no life

No house, no job, no car, no girlfriend, no music, no- what? I have to feel last night, I have to feel last night (I I I don't know why)

I have to feel last night, I don't know how and I don't know why I (I I I) don't know why, don't know why (I said I don't know why)

I (I I I) don't know why, don't know why (I feel that something really bad is going to happen) (x2) Something really bad is going to happen No house, no job, no car, no girlfriend, no music, no life

No house, no job, no car, no girlfriend, no music, no- what?

No house, no job, no car, no girlfriend, no music, no life

No house, no job, no car, no girlfriend, no music, no- what? I (I I I) don't know why, don't know why (x4)
