Pumpin'

Peter Ram

You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
I went out looking for a good place
But everywhere I went was dull
I went here, and I went there
But I never found the stuff
But then I met this boy that said
He had the perfect place
That I would just love, yeah
He took me in
Ooh, let me tell you, girlfriend
The place was jumping
And it was sho 'nuff pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
I found my spot
Nothing about the place seemed dull
And the stuff I was looking for
I found the stuff
The sound was hot, like I never heard before
The bass was booming
There were people all over the dance floor
Then I met another guy
And he asked me would I like to dance
He showed me steps I never seen before
I walked in
Ooh, let me tell you, girlfriend

The place was jumping
And it was sho 'nuff pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
That's the way I like it

I like it when it's pumpin'
That's the way I like it
I like it when it's pumpin'
That's the way I like it
I like it when it's pumpin'
That's the way I like it
I like it when it's pumpin'
If you got a groove that you like
And you like it a lot
Pump it up, pump it up
You know the place with the bass
In the neighborhood hot spot
Pump it up, pump it up
To the girl in the blue
Tell me what 'cha gonna do
Pump it up, pump it up
And to the negro in red
Tell me what I said
Pump it up, pump it up
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin'
You gotta keep it pumpin
