Stay the Night

State Champs

I know that we are up-side-down
So hold your tongue and hear me out
I know that we were made to break
So what? I don't mind

You cue the lights, I'll drop the blinds
Don't dull the sparkle in your eyes
I know that we were made to break
So what? I don't mind

Are you gonna stay the night?
Are you gonna stay the night?
Woah, oh, oh, oh, oh, oh, oh
Why're you gonna stay the night?
Are you gonna stay the night?
Doesn't mean we're bound for life
So-oh-oh-oh-oh-oh-oh-oh
Are you gonna stay the night?

I am a fire, youâ€™re gasoline
Come pour yourself all over me
We'll let this place go down in flames
Only one more time

You cue the lights, I'll drop the blinds
Don't dull the sparkle in your eyes
I know that we were made to break
So what? I don't mind

Are you gonna stay the night?
Are you gonna stay the night?
Woah, oh, oh, oh, oh, oh, oh
Why're you gonna stay the night?
Are you gonna stay the night?
Doesn't mean we're bound for life
So-oh-oh-oh-oh-oh-oh-oh
Are you gonna stay the night?

Are you gonna stay the night?
Are you gonna stay the night?

Woah, oh, oh, oh, oh, oh, oh
Why're you gonna stay the night?
Are you gonna stay the night?
Doesn't mean we're bound for life
So-oh-oh-oh-oh-oh-oh-oh
Are you gonna stay the night?
