Wildlife

Yellowjackets

See the, the pot call the kettle black
And the man upon the monkey's back
Craziest thing that I ever heard
Testing cosmetics upon their furWho knows what tomorrow brings in a world where the
Greedy survive and survival of the fittest is your alibi?It's a habit to grab it, to grab right here
'Cause you might want my private for souvenir
And you call me a savage, uncivilized
When it's you who made lynching a way of lifeAnd you don't want me to be mad
Well, I say to you too bad
I'm a product of my environmentSo who the hell we callin' wildlife
Look at us
They only kill when they have to
We kill for sportWhy do the man treat the people bad
And just expect them not to be mad
Social security sure you right
Number the ones with the broken livesWho knows what tomorrow brings in a world where the
Greedy survive and survival of the fittest is your alibi?It's a habit to grab it, to grab right here
'Cause you might want my private for souvenir
And you call me a savage, uncivilized
When it's you who made lynching a way of lifeAnd you don't want me to be mad
Well, I say to you too bad
I'm a product of my environmentSo who the hell we callin' wildlife
Look at us
They only kill when they have to
We kill for sportWho the hell we callin' wildlife
Look at us
They only kill when they have to
We kill for sportWho the hell we callin' wildlifeAnd you don't want me to be mad
Well, I say to you too bad
I'm a product of my environmentSo who the hell we callin' wildlife
Look at us
They only kill when they have to
We kill for sportWho the hell we callin' wildlife
Look at us
They only kill when they have to
We kill for sportWho the hell we callin' wildlife
Look at us
They only kill when they have to
We kill for sportSee the, the pot call the kettle black

And the man upon the monkey's backSee the, the pot call the kettle black
And the man upon the monkey's backSee the, the pot call the kettle black
And the man upon the monkey's back
