

# I Can't Sleep At Night (Radio Edit)

**Dannii Minogue**

I'm not good at being lonely I'm sorry if you saw too much  
But baby I got too near  
I'm open to the slightest touch  
When i don't have you here What can I do?  
What can I say?  
How could I make the same mistake? Can't give it up  
Can't let it go  
Ooh, I gotta make you see its you for me Cos I,  
I Can't Sleep At Night  
It just don't feel right  
cos baby I'm lonely, and I want you here to hold me Cos I,  
I Can't Sleep At Night  
It just don't feel right  
cos baby I'm lonely, I'm not good at being lonely  
I know you'll give me one more chance  
I know I crossed the line I'm guessing it's too much to ask  
That you give me some time The more I give  
The more I want  
With every sip, I'm going under But it feels right  
I know it's wrong ooh, I gotta make you see it's you for me
