## Ja Rule

(Ja Rule)

Now ni\*\*as know I'm from New York  
but shit I love Cali-forn-i-a  
from back when NWA  
rocked the black and grey raiders shit  
on some gansta shit  
ni\*\*as wasnt thinkin bout hoes and  
how making is The coop with the translucent roof  
I don 2-toned the blues just to ride up the strip  
for the look on sunset through sun-up to sunset  
ni\*\*as be on some pimp shit  
but you already know this  
if you ever know this  
by the looks of me baby im holdin  
and i aint tellin if you aint knowin ima don  
meet me at the le Montrion  
ill be sittin out front in the back  
watchin the star is born  
and you aint gettin gone  
at least no time soon  
cause we headin over to the viper room  
to get high  
on whatever your heart desires  
but you can start given head while we ride sunset(chorus)X2  
can we take a ride up and down the sunset  
Come right over here boy watch my body get so wet  
tonights gon' be the night  
baby boy you forget  
ill make you feel so good while we ride  
so good while we ride(Game)  
you already know  
californias the mecca of hydroliks  
the switches on lowridas  
the daytins on gold wires  
westsidas throw it up  
my ni\*\*as its all love  
im callin out every crip and blood in LA  
essa's hit the strip on dubs  
lets hit the club

my bitches start strippin for dubs  
mami wassup  
lambo doors up  
when they see me they show me love  
honk the horn, pull over and roll up  
the chronic and blow dubs  
better hope it aint no gun-play  
cause sunset friday  
is crenshaw sundays  
and i love LA  
like snoop love the six-tre  
where would i be without DRE  
to live and die in LA  
all we know is lowridas and sex  
and what happens on sunset  
stays on sunset  
got the whole strip throwin up dubs  
and since Pac died  
it aint been no california love(Ja Rule)  
LA, ghost ride ya whips  
for the bay  
put ya stunna shades on  
sittin on chrome  
candy painted impala 6-4  
6-duece continetals with suicide doors  
cant help but floss  
when you in floss-angeles  
just learn ya dress code B's & C's  
cause its all about the g-code  
ni\*\*as fuckin ?????  
ridin down rodeo  
with twins that resemble j-lo  
uh-oh  
they wanna get to lickin and pimpin  
the right places i promise  
i be patient before i get  
to replacin a bitch  
i mean in 2 with this shit  
that means its 4 lips at one time  
around one dick  
can be doin it while we hittin the strip  
in the back of the 6  
sunset we ridin high on it(chorus)X2  
ill make ya feel good while we ridin baby  
so good while we riding baby

so good while we riding baby  
and your love just drives me crazy
