All By Myself

Fats Domino

Little girl, don't you understand?
I wanna be your lovin' manAll by myself, all by myself
I don't need no one to love you
Gonna love you all by myselfWell, meet me in a hurry behind the barn
Don't be afraid, I'll do you no harmAll by myself, all by myself
I don't need no one to love you
Gonna love you all by myselfWell, I got a girl who's six feet tall
Sleeps in the kitchen with her feet in the hallAll by myself, all by myself
I don't need no one to love her
Gonna love her all by myselfWell, I got a girl who lives on the hill
She won't love you but her sister willAll by herself, all by herself
I don't need no one to love you
Gonna love you all by herself
