Crush

Fighting Instinct

I fell into your eyes
And I got lost trying to find the way
Into your heart
Im taken byA rush that she gives me
Is it just how she sees me
That gives me such a crushIts drawing me to her
And her lips, soft and subtle smile
She blows a kiss
Im taken byA rush that she gives me
Is it just how she sees me
That gives me such a crushThat gives me such a
Feeling that she gives me
Makes me feel like Im falling
Until it seems Ive lost controlA feeling like it's okay
When your arms are around me
Just a glance from her makes me
See that Ive been taken by thisRush that she gives me
Is it just how she sees me
That gives me such a crushSuch a crush
Shes makes me so crazy
