

Love Walks Out

Steel Pulse

David Hinds What's wrong
Wrong with you, my sweet
You used to smile
But kind of lately
You now giving me that cold shoulder
I get the message that
You don't want to be bothered Lipstick on my collar
(She knew I had another)
She found her phone number
(Found out we were lovers) CHORUS
Love walks through that door
Love once rich now poor
Love is gone for sure Love walks through that door
Love once rich now poor Now it's no secret
Though I do regret
The moments we once shared
Were heights of happiness
Now there's no need to
(harmony unison)
No need to run and hide
I've passed the danger zone
Of dressing up in Disguise Lipstick on my collar
(She knew I had another)
She found her phone number
(Found out we were lovers) CHORUS (twice) Love walks through that door
Love once rich now poor BRIDGE I know that it's no secret
Love walks through that door
Love once rich now poor Ad Lib & Fade
