

# Shape I'm In

## Ambrosia

When you're in the shape I'm in  
It's tellin' me somethin', it's givin' me warnin'  
It's gotta be rough, man  
When you're in the shape I'm in from all of your lies  
You left me cryin', didn't know where I could turn to  
You said you loved me and you turned your back on me, girl  
And I believed in all your lies  
You took my heart and soul and now the pain won't go  
When you're in the shape I'm in  
It's tellin' me somethin', it's givin' me warnin'  
It's gotta be rough, man  
When you're in the shape I'm in from all of your lies  
Was I the one man that you said you'd always stand by?  
But when the hard times came you left without a goodbye  
Was I a fool to let you go?  
How can I feel alive when I just feel like dyin'?  
Can't you see I'm a man who's cryin'?  
You took my heart and soul and now the pain won't go, no  
Shape I'm in from all of your lies  
Was I a fool to let you go?  
How can I feel alive when I just feel like dyin'?  
Shape I'm in it's  
Shape I'm in it's  
Shape I'm in it's  
I feel like  
Don't wanna lose you baby  
Come on up, keep comin'  
I'm really, really hurt  
When you're in the shape I'm in from all of your lies
