

# On Top

## Dangerous Toys

Somebody asked me if I wanted a ride

I said, "What do you mean?"

They said, "I know a woman that they called slip-n-slide"

They introduce me to a girly named Sally

She rides the horses down in Tennessee ValleyShe stole my train, she wasn't plain

That woman's crazy and a little bit vainShe likes it on the top, that woman never stop

She's a star, she's a heroShe said my sugar for the time of your life

I'll get you on my horse so you will realize

She takes me boogie-woogie, boys out the back door

Gets 'em all high on her flesh for sureShe rode my train and then my plane

A nymphomaniac, a little insaneShe likes it on the top, that woman never stops

She's a star, she's a hero, she likes it on top

She likes it on the top, that woman never stops

She's a star, she's a hero, she likes it on top

She's a hero, she likes it on top, yeahI took a picture of her

So I would remember, yeah, yeah

She likes those dirty movies

Well, she says they're really groovy, baby, yeah, yeahA-boogie, comatose, I couldn't boast

I noticed later, oh, my baby was a liar

Catatonic, supersonic, hot, high-heeled

Lover, lady sure is on fire

I can't believe the things I've seen

Lucky that I remember where the hell I've beenShe a [Incomprehensible]Somebody asked me if I wanted a ride

I said, "What do you mean?"

They said, "I know a woman that they called slip-n-slide"

They introduce me to a girly named Sally

Said she rides the horses down in Tennessee ValleyShe stole my chain, she wasn't plain

That woman's crazy and a little bit vainShe likes it on the top, that woman never stops

She's a star, she's a hero, she likes it on top

She likes it on the top, that woman never stops

She's a star, she's a hero, she likes it on top

She's a hero, she likes it on top, yeah, yeah, yeahIt never stops, she's a star, she's a hero

She's a hero, baby, yeah yeah

She likes it on the top, that woman never stops

She's a star, she's a hero, she likes it on top

She's a hero, she likes it on top

Likes it on top, likes it on top, yeah
