

# Rest Of My Life

Ludacris

If you live for something, youre not alone, my friend  
So fill up your cup and lift your lighter, and toast to lifeLuda!They say what dont kill me, can make me stronger  
So two drinks a night should help me live longer  
I blow some smoke just to give my lungs a test  
Cause why tip toe through life, to arrive safely at death  
I'm on a journey, yeah, I'm on a roll  
Sometimes gotta close my eyes, just to open my soul  
And tonight is the night, I gotta feeling that Im about act a fool  
So if you go fix some drinks me and Usher are about to break some rulesGot somewhere to go but the world is  
moving slow  
I was born for the fast life  
I go for broke a lesson I can't afford  
But for what its worth Im ready to pay for the rest of my life  
For the rest of my life[Beat break]I got one life to live, Imma party 'til im dead  
What the hell is a life worth living if its not on the edge  
Try'na keep my balance Im twisted so just in case I fall  
Written on my tombstone, should read women, weed and alcoholGot somewhere to go but the world is moving  
slow  
I was born for the fast life  
I go for broke a lesson I can't afford  
But for what its worth Im ready to pay for the rest of my life  
For the rest of my life[Beat break]If you live for something, youre not alone, my friend  
So fill up your cup and lift your lighter, and toast to lifeIm stuck in this moment, freeze the hands of my time  
'Cause I feel inner peace when Im outta my mind  
And you can call me crazy but I like to roll the dice  
So Im willing to bet that Imma be crazy for the rest of my life  
For the rest of my life  
For the rest of my life
