Anything Could Happen

Rialto

They tried to kill us off
But this show's not over
Cos we were born to shine
And thrill like supernovaSo dry your tears don't cry now
It's nowhere near the final curtain[Chorus]
Anything could happen
This world's uncertain
Anything could happenDown every darkened street
We'll search until we find them
With knives between our teeth
We'll creep up behind them
Oh 'cos creatures of our kind will not give in
Until the final curtain.[Chorus]I know you're hurting
Anything could happen
Anything could happen ohI know you're hurting
But anything could happen
This world's uncertain
Anything could happenLa la la la, la la, la la la la, la la [Repeat x2]
