

New Town Burnout

Animal Collective

When I make it
When I make it
When I make it
Back home
Back home
I'll take my shoes off
I'll take my coat off
I'll leave my belongings alone
Alone No more at the wrong time
No more in the wrong place
No more getting through
Trials in sight
No more little fights
Never more a broke mess at night Out of my body
Out of my mind Lift this weight
Leave my light on
