

Submissionary

Verbena

You can't have my submission, but I give my confession up slow
I don't have an obsession, you just need to talk a bit slow
Oh, your head is pinned blackmailed again
Oh, your head is pinned brick for a mind Walk in a line, brick for a mind, we should make up
But I don't wanna, I don't wanna, I won't fake it
I think I'm gonna, I think I'm gonna I get down, it gets me so up tight
I need release from my disease
Let's go, hey Yea, I'll give my submission, but I'll take my confession back slow
I don't have an obsession, you just need to talk a bit slow
Oh, your head is pinned blackmailed again
Oh, your head is pinned brick for a mind Walk in a line, brick for a mind, we should make up
But I don't wanna, I don't wanna, I won't fake it
I think I'm gonna, I think I'm gonna I get down, it gets me so up tight
I need release from my disease
Let's go
