

My God Is Faithful

Jordan Family Band

I've made promises I could not keep
I've said some things I didn't mean
And with good intentions I've given my word
And when it fell through it caused much hurt
But I met a Savior who said, "Trust in me
I'll never leave. Where you are, there I'll be"
He's always been there right by my side
He's stood the test of time.

Chorus

My God has been faithful
He's always the same
Though I have failed him time and again
His love remains
He is unchanged
Though I may stumble and cause Him much pain
He's always there when I call His name
My God is true.
My God is able.
My God is faithful.

Verse2

Just ask Abraham and Sarah who were promised a child
When it seemed impossible God gave them a smile.
And then there was Daniel who fervently prayed
And found Him to be true in a trial of faith
Three Hebrew boys who would not bow
To the king who said, "I see four now!"
They were not burned and as they shouted that day
This is what they had to say

Chorus

My God has been faithful
He's always the same
Though I have failed him time and again
His love remains
He is unchanged
Though I may stumble and cause Him much pain
He's always there when I call His name

My God is true.
My God is able.
My God is faithful.

Tag

Through joy or the pain, sunshine or rain
My God is faithful
My God is faithful
My God is faithful
