Bread

Ginny Owens

Man cannot live by bread alone
He needs something stronger
To feed his hungry soulSo he'll try everything under the sun
But nothing will end his hunger
Nothing but Your loveHe'll acquire treasure
But it won't amount to much
He'll fall in love with pleasure
But none will fill him upAnd when he has exhausted
All this world can give to him
Still he'll not grow weary
Of chasing after the windI looked in the mirror
Just the other day
I was so surprised
I hardly recognized the changeSo restless and so hurried
I've spent so much time
Running after things
I'm gonna have to leave behind
