## Splender

I believe in chemicals  
Sulking eyes and pretty pink water slides  
I believe in mother  
Tragedies and tortured butterfliesHello, hello, welcome to our show  
Hello, hello, welcome to our show  
Hello, hello, welcome to our show  
HelloI believe in solitude  
Shut your mouth 'cause there's no point in being rude  
I believe in father  
Compromise and Jesus ChristHello, hello, welcome to our show  
Hello, hello, welcome to our show  
Hello, hello, welcome to our show  
HelloI believe in memories  
Suicide and heaven and hell  
I believe in color  
Remedies and everything I readHello, hello, welcome to our show  
Hello, hello, welcome to our show  
Hello, hello, welcome to our show  
Hello, hello, hello
