

# We're All In This Together

Ben Lee

woke up this morning  
i suddenly realized  
were all in this together  
i started smiling  
cos you were smiling  
and were all in this together  
im made of atoms  
youre made of atoms  
and were all in this together  
and long division  
just doesnt matter  
cos were all in this together

i saw you walking  
in the city  
were all in this together  
the city's changing  
cos we are changing  
and were all in this together  
every twelve seconds  
someone remembers  
that were all in this together  
in the kitchen  
of your rent-control apartment  
were all in this together

cmon baby  
i dont mean to rush you  
i only wanted to reach out and touch you  
ive gotta start to open my heart

i know you think  
about jumping ship before it sinks  
but were all in this together  
ask a scientist  
its quantum physics  
were all in this together  
and on the subway  
we feel like strangers

but were all in this together  
yeah i love you and you love her  
and she loves him  
but were all in this together

y know baby  
theres never been protection  
in all the history of human connection  
cmon darling  
its alright to show me  
you dont ever need to be lonely  
once you start to open your heart

i saw you crying  
i started crying  
cos were all in this together

and then religion  
its a big decision  
but were all in this together

were all in this together
