Hold On

Acceptance

Now I know that it's the same
Different people, different days
And it won't change
Do you find security
Knowing you have broken me?Like a pastimeHold on and you'll find
(You'll find)
What you're eventually looking for
Hold on and you'll find
(You'll find)
What you're eventually looking forIs popularity your quest?
Is this game the perfect test?
(Looking for something else)Do we all
Do we alter
What we are?
(What we are?)
Who we honor?
Do we alter
Who we honor?Playing with people's hearts
Hold on and you'll find
(You'll find)
What you're eventually looking for
Hold on and you'll find
(You'll find)
What you're eventually looking forI find myself
Alone again
Don't want to find myself
Alone againHold on and you'll find
(You'll find)
What you're eventually looking for
Hold on and you'll find
(You'll find)
What you're eventually looking forHold on
(You'll find)
Hold on
Hold on
(You'll find what you're eventually looking for)
Hold on
(You'll find)
Hold on

Hold on
(You'll find what you're eventually looking for)
