These Absent Eyes (Beyond the Infinite EP)

Soilwork

Running over empty graves
Crushing every trains
Until the shadow casts the painYou get what you want into the stars
There was a time when the world was ours
I should have known that the hour was there
But I was listening to all my painsAll the things I know it would be possible
Aggressive, agressive
Save the world from a constant pain
These absent eyes will give you skies
And sooner youll be stronger
Not just to hide
You started sharing your pain
Just dont get out of the line
Never lie
I can see your fuckin desire
What you say I can make you a liarLets hope for something better to come
All the things I know it would be possible
Aggressive, agressive
Save the world from a constant pain
These absent eyes will give you skies
And sooner youll be stronger
Not just to decide
These absent eyes will give you skiesBlood stained silver
Blood stained silver
Dont touch my pain
These absent eyes will give you skies
And sooner youll be stronger
Not just to decideThese absent eyes will bring you skies
And sooner youll be stronger
Not just to decide
