

# Gravity of the Situation

[Vic Chesnutt](#)

Well, we blew past the army motorcade  
Abnormal load haulage  
And the gravity of the situation  
Came on us like a bit of new knowledgeThe bubbliest bubble bath  
Broke down on the bank  
The gravity of the situation  
Is why our old thought bubbles sankHumble and gracious  
The gravity of the situation  
A humble and gracious  
The gravity of the situationHumble and gracious  
The gravity of the situation  
Humble and gracious  
The gravity of the situation  
The gravity of the situationWell, a fat, hungry English crow  
Picking at a carcass  
The gravity of the situation  
Is hard to focus and harnessWell, we met Bill Lowery  
At the Queen's Hall  
The gravity of the situation  
Became apparent to us allHumble and gracious  
The gravity of the situation  
A humble and gracious  
The gravity of the situationHumble and gracious  
The gravity of the situation  
Humble and gracious  
The gravity of the situation  
The gravity of the situation
