

# Spin the Bottle

## Ashley Jana

This is a night, i know the time is right  
To let you go real slow, woah, oh, oh, I'm so-o  
This simple game, it just might be the way  
To make you be my man, yeah, but can't you see that  
    You, Me, could be happy[Reff.]  
    So why don't you spin the bottle?  
Spin it right around, but aim it towards me now  
Yeah, why don't you come and spin the bottle?  
    Push it one degree, so it will point at me  
    'Cause I just want to be your supermodel  
Eh, be your supermodel, eh, be your supermodel  
    Eh, I just want to be your supermodel  
    Eh, be your supermodel, eh, be your supermodel  
Eh, eh, so spin th bottleThe night goes on, and you won't play along  
    But you electrify my heart like I could die  
    Truth or dare, would make you even care  
Why don't you play games? You're makin' me insane  
    You, Me, could be happy[Reff.]  
    So why don't you spin the bottle?  
Spin it right around, but aim it towards me now  
Yeah, why don't you come and spin the bottle?  
    Push it one degree, so it will point at me  
    'Cause I just want to be your supermodel  
Eh, be your supermodel, eh, be your supermodel  
    Eh, I just want to be your supermodel  
    Eh, be your supermodel, eh, be your supermodel  
    Eh, eh, so spin th bottle[Bridge]  
Ooh, I see you and a beautiful girl (in the corner of the kitchen)  
Noo, but do you want to be with her? (don't know what you're missin')Spin, the bottle, spin, spin, the bottle  
    2x[Reff. 2x]  
    So why don't you spin the bottle?  
Spin it right around, but aim it towards me now  
Yeah, why don't you come and spin the bottle?  
    Push it one degree, so it will point at me  
    'Cause I just want to be your supermodel  
Eh, be your supermodel, eh, be your supermodel  
    Eh, I just want to be your supermodel  
    Eh, be your supermodel, eh, be your supermodel  
    Eh, eh, so spin the bottleSo spin the bottle
