Windows In Heaven

We Are the In Crowd

Seems like a dream
Awaken before it was done
How could this be?
I walk alone
But sometimes I picture your hands held in my own
My brave face it's too late nowIf you could see me now
Would you be pleased and proud
I'm doing fine
But sometimes I cry
When I see your face
Are there windows in heaven
To see me now
Through all the sky and clouds
Living my life
With a heart full of pride
When I see your face
Are there windows in heaven?You didn't leave
But you left behind more than you know
More than I see
Still can't let go
Your image I can't say goodbye
Here from below
My brave face it's too late nowIf you could see me now
Would you be pleased and proud
I'm doing fine
But sometimes I cry
When I see your face
But are there windows in heaven
To see me now
Through all the sky and clouds
Living my life
With a heart full of pride
When I see your faceTake me back to the times
Together we'd seek out, together we'd live out
All of the rest of our lives
For just one more minute
I can't get you in it
One moments of feeling less time
Face it's too late nowIf you could see me now

Would you be pleased and proud
I'm doing fine
But sometimes I cry
When I see your face
Are there windows in heaven
To see me now
Through all the sky and clouds
Living my life
With a heart full of pride
When I see your face
Are there windows in heavenTo see me now
Through all the sky and clouds
Living my life
With a heart full of pride
When I see your face
Are there windows in heaven?
