

# Natural High

## D.veloped

Life's full of pain, life's full of stress  
Specially when you're comin' from the streets  
Inhale my vibe, like ya smoking sess  
Let it flow from your head down to ya feet  
I gotta high for everybody who wants some  
Worldwide ghettos if you're feelin' this one  
I gotta natural high just for your brain  
I'll make you fly but I won't turn you insane  
What me say now, fuck powder, fuck pills, see me  
Stricly chemical free like sweet sensi  
Fuck coke, fuck ecstasy  
I've seen that shit take over too many  
Fuck powder, fuck pills, see me  
Stricly chemical free like sweet sensi  
Fuck coke, fuck ecstasy  
Ma music gets me as high as I need
