

# Stay by Me

Greg Sage

Stay by me and make the moment last  
Please take these lips  
Even if I have been kissed  
A million times  
And I don't care if there is no tomorrow  
I could die here in your arms  
Even if the stars have made us blind  
We're blind, we're blind, so blind in love  
So blind in love  
Sweet darling don't you know  
That we're no different to anyone?  
We stumble, we falter  
But we're no different than anyone  
And all the winter snow has melted now  
Into a pool of silver water  
And we were standing in a thunder cloud  
Dark as your hair, dark as your hair  
So blind in love  
So blind in love
