

# Make Me Happy

## SOHO ROOMS - dj Fenix

Nothin' in your pocket  
Something up your sleeve  
Look right at my alley  
Coming down my street  
Gun goes off at midnight  
Whistle blows at dawn  
Give me half the morning  
And we'll carry on  
Straight from your hip  
Make a backbone slip  
Right in front of my eyes  
Like a sweet surprise, hey, hey, hey, yeah  
Bet you're gonna find a little foolin' on your mind  
Soon you're gonna feel a little tuggin' on your line  
Bet you're gonna be a little nervous boy  
Run for cover and jump for joy  
You make me happy  
Without even trying  
You make me happy  
Every time, oh yeah  
Gotta roll with the punch  
Stagger with the kiss  
Follow what you feel  
On a night like this  
Gotta raise up the flag  
Holler in the street  
Someone's throwing roses  
All around your feet  
Straight from your lips  
You're gonna let it slip  
It's there in your eyes  
So don't apologize, hey, hey, hey, yeah  
Bet you're gonna find a little foolin' on your mind  
Soon you're gonna feel a little tuggin' on your line  
Bet you're gonna be a little nervous boy  
Run for cover and jump for joy  
You make me happy  
Without even trying  
You make me happy

Every time, oh yeah  
Hey, hey, hey, yeah  
Bet you're gonna find a little foolin' on your mind  
Soon you're gonna feel a little tuggin' on your line  
Bet you're gonna be a little nervous boy, oh  
You make me happy  
Every time  
You make me happy  
Without even trying  
You make me happy  
Every time, oh yeah  
Baby, happy, happy  
Happy, happy  
Happy, happy  
Happy, happy  
You make me
