

# Long Long Journey

Enya

City lights shine on the harbour,  
Night has fallen down,  
Through the darkness  
And the shadow  
I will still go on.

[Chorus]  
Long, long journey  
Through the darkness,  
Long, long way to go,  
But what are miles  
Across the ocean  
To the heart that's coming home?

Where the road  
Runs through the valley,  
Where the river flows,  
I will follow every highway  
To the place I know.

[Chorus]  
Long, long journey  
Out of nowhere,  
Long, long way to go;  
But what are sighs  
And what is sadness  
To the heart that's coming home?
