# They Say

## The Soft Pack

You don't need too much to survive, they say
You don't need too much to get by these days
But when it comes down to the moon took on their place
And when it comes down to the room take on their placeWhen you cut the line
They drift away
See what they say?Well you can't ship me too far away
You don't need too much to get by these days
Well isn't that just great?
And when I look around it looks more like I'm grayYou don't need too much to survive, they say
You don't need too much to get by these daysWhen you cut the line
They drift away
See what they say?
When you cut the line
They drift away
See what they say?
Isn't that just great?
Take a look around
It looks more like a brick
