

Hollywood

Derik Fein

He was a little boy
In pursuit of the american dream
She was a pinup girl
She just wanted loveHe lit a cigarette and took a hit
Until his lungs gave in
And she takes off her clothes for a livingWelcome to Hollywood
Where the lovers lie
And the cheaters cry
Oh oh oh oh
Hollywood
You can bet your life
Or lose it twice
You can make it or break it or
fake it to make it
Lights camera action
What's the main attractionHe sang at trashy bars
And prayed that he would be a star
She was a lost soul
With a heart of goldHe lit a cigarette and took a hit
Until his lungs gave in
And she takes off her clothes for a livingWelcome to Hollywood
Where the lovers lie
And the cheaters cry
Oh oh oh oh
Hollywood
You can bet your life
Or lose it twice
You can make it or break it or
fake it to make it
Lights camera action
What's the main attraction
Welcome to Hollywood
