Lovemachine

Columbus

If you need... you need a lover
Just call seven - six - five - four - three - two - one, one-day lover

If you need, need a two-days lover
Just call eight - seven - six - five - four - three - two, two-days lover

'Cause the love, the love I will give you
'Cause the love, the love I will give you
Is sweeter than anything else

I'm the love machine in town
The best you can get fifty miles around
I'm the love machine in town
The best you can get fifty miles around

If you need... you need a lover
Just call seven - six - five - four - three - two - one, one-day lover

'Cause the love, the love I will give you
'Cause the love, the love I will give you
Is sweeter

I'm the love machine in town
