Shittier Day Than Me

Sponge

I'm just a fuck up, baby, I can't lie
My life's all fucked up, I don't wanna know why
Can anybody tell me what can I do?
You wanna blame me, honey, I'll put the blame on youI put the blame on youSure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than meHaving a shittier day than meMy life's all fucked up, I don't have to try
My life's all fucked up, take a look in my eyes
You don't wanna help me, it ain't good for you
You don't wanna help me, you'll be fucked up tooYou'll be fucked up tooSure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than meHaving a shittier day than meGet itI'm just a fuck up, I don't have to try
I'll be a fuck up till the day I die
Can anybody tell me why I'm such a fool?
Can anybody tell me? I'm gonna blow my coolYou watch me blow my coolSure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
Sure is nice to see someone having a shittier day than me
