Give you dat good

I wanna I wanna wanna you wanna you wanna wanna I just wanna give it to you  
Show you how I ?  
Once I put it on you boy  
Bet that you don't wanna leave  
Do it do it, baby getting to it  
Saw you over there, when your fingers comb my hair Whatever you need, I cook you dinner  
Do it to you how you like, show you I'm a winner  
All up in your ear, whatchu wanna hear  
Give you that good, we can do it anywhere I don't think you're ready  
I will put it on your heady  
Doing like a real girl should  
When I'm giving you dat good  
Give you dat good Give you dat good  
Give you give you dat good  
Give you dat good  
Give you give you dat good  
Give you dat good  
Give you give you dat good  
I wanna I wanna wanna you wanna you wanna wanna  
Give you dat good  
Give you give you dat good

I wanna I wanna wanna you wanna you wanna wanna Move over here

You say you can handle it  
Don't talk about it, be about it put your hands on these  
Work it, work it, work it if you're with it  
Why don't you get it, what what you gonna do with itSay you put it down, baby I dont tap out  
Move to this rhythm, baby can you get the knockdown  
Boys all on me, .. on your knees  
Keep your body begging for meI don't think you're ready  
I will put it on your heady  
Doing like a real girl should  
When I'm giving you dat good  
Give you dat goodGive you dat good  
Give you give you dat good  
Give you dat good  
Give you give you dat good  
Give you dat good
