

Missing You

Mindless Behavior

INTRO

Prod : Yo Roc..?

Roc : Hey , what up Prod ?

Prod : She won't even talk to me..

(Missing You)

Roc : Just give her some time

Prod : But I didn't even do anything wrong..*VERSE 1*

I can't get through

No matter how many times I hit you

You just pick up the phone

See my name and let it go you won't reply

See me in your log about a hundred times

How long you gon' let this go on ?*B SECTION*

I'm just gon' keep on calling you

Texting you

Blowing you up on your aim

No I don't give up easily

Go ahead and keep deleting me

From your 3G

Imma be all in your brain

So you wanna play games..?

Thats alright..*HOOK*

Girl I got something to say (yes , sir)

Don't hang up in my face (that's right)

Cause you too stubborn to let it go

If thats how you wanna play

Keep pushing me away make no mistake..Girl imma keep on missing you

I'm tryna get to you

But if I can't get through

Ain't nothing I can do but

Keep on missing youDo what you gotta do

But if I can't get through

Ain't nothing I can do but

Keep on missing you*VERSE 2*

Yell at me

Tell me off

Call me all out of my name

Just pick up the phone

I'm not gonna leave you alone
