

# Merciless

## Aura Noir

Troops are thrashing onwards  
To rape all holy land  
Seek victims as the sun descends  
Damnation is at handThe sound of killing  
Threatens the weak  
Slashed wrists greet us  
Blasphemous fiendsMerciless  
MercilessWe don't oppose evil  
We are  
We don't oppose evil  
We are merciless[Incomprehensible]  
MercilessGraced submissive rectified force  
Raining daggers open death's doorsWe don't oppose evil  
We are  
We don't oppose evil  
We are [Incomprehensible]
