We Have Love

Panama

Don't hold out
If you are the one in this canyon
Please, don't leave now
There is no, no reason to doubt
Oh, I hear what you're sayingPlease don't let me down
Please don't let me down
It's so hard to hold onto something real again
Why try now
There are so many good reasons to keep us hereWe have love
We have love
We have loveIt can all transend
It can all transendWe have love
We have love
We have love
There is no defense
There is no defenseDon't shut me out
I am the one in this canyon
Please don't leave now
Cascading down
Colors burn into the starlight
And disappearWe have love
We have love
We have love
It can all transend
It can all transendWe have love
We have love
We have love
There is no defense
There is no defenseWe have love
We have love
We have loveFates bound to end this we are cast into the twilight,
From the oceans to the rivers that divide us
We walk on those defenses we elect on your defenses,
From the oceans to the rivers that divide usWe have love
We have love
We have love
There is no defense
There is no defenseWe have love
We have love

We have love
And it will transend
You know it will transendWe have love
We have love
We have love
And it will transend
You know it will transendWe have love
We have love
We have loveWe have love
We have love
We have love
