

# Strange World

## Spock's Beard

Mary was on Face The Nation  
Sunday morning ten o'clock  
It's a very strange world  
In a very strange time Jimmy makes a handsome living  
Juggling weapons in the park  
It's a very strange world  
In a very strange time And so it goes slowly down the road  
And so I say - I got no friends today The bomber got his manifesto  
Published in the New York Times  
It's a very strange world  
Got some interesting minds Advertising pays more than a lot  
While the teacher's selling pies in the parking lot  
It's a very strange world  
With some well hidden crimes I didn't know life could get so cold  
I didn't see - I thought they were all like me It's a very strange world  
But I think I like it I didn't know life could get so cold  
I didn't see - I thought they were all like me  
And so it goes slowly down the road  
And so I say - I got no friends today Mary went to Face The Nation  
Sunday morning ten o'clock  
It's a very strange time  
In a very strange world
