

Lovin' You So

Jody Watley

You got the lovin', baby, my style
You got the groove, the kind I like
And in my heart there's love for you
It's deeper than any ocean blueOh baby, love's in flight
Truly above the sky, whoaTaking the feelings baby I feel
We used to ride around and chill
Baby, in the stars is a place we fly
To find the special paradise, babyLove's in bloom
Because you feel this too, hoBaby, your love's a blessing
Sent from heaven down for me to have it
And when all the dark clouds come out
Just call on you because you, baby are so lovedI'm loving you so
I'm loving you so
I'm loving you so
I'm loving you soBaby, love's like I'm flight
With your love the sky highI'm loving you so
I'm loving you so
I'm loving you so
I'm loving you soI'm loving you so
I'm loving you so
I'm loving you so
I'm loving you so
I'm loving you soBaby, I'm loving, I'm loving you so
Baby, I'm loving, I'm loving you so
Baby, I'm loving, I'm loving you so
